

DECON:TECT

EDS

ENHANCED DECON SYSTEM

WHEN THREAT RESPONSE MATTERS,
**DON'T DEPLOY
WITHOUT THE EDS™**

The only rapid-deployment Hybrid Decon™ go-bag with the power of Dahlgren Decon™ and FiberTect®.

EACH EDS INCLUDES:

- + DAHLGREN DECON
- + FIBERTECT MITTS
- + FIBERTECT SHUFFLE PITS
- + S-CUTS®
- + OTHER MISSION-ESSENTIAL TOOLS
SEE INSIDE FOR MORE DETAIL

EDS

ENHANCED DECON SYSTEM

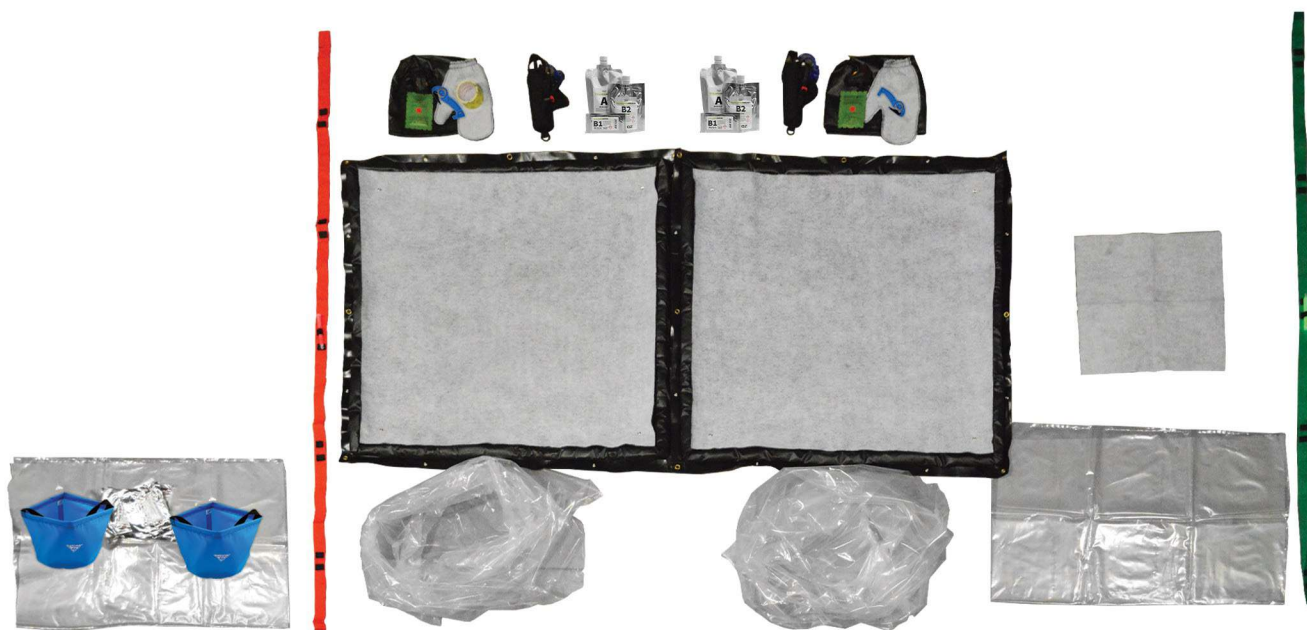

First Line Technology's Enhanced Decon System™ (EDS) is the **ONLY** rapid deployment Hybrid Decon™ go-bag with the power of Dahlgren Decon* and FiberTect.

The EDS has the power to decon 6 – 24 personnel with everything you need for the fast and effective Hybrid Decontamination™ of hundreds of known and emerging threats.

The EDS is easily carried and quickly deployed even in extreme temperature conditions where most other decontamination solutions are unusable. After deployment, you can purchase replenishment items as needed without having to purchase an entire kit.

* Dahlgren Decon is licensed from Department of the Navy under U.S. Patent Nos. 7,064,241, 7,718,594, and 7,829,520

DECON LINE SET UP WITH THE EDS

The Enhanced Decon System can be made fully operational by one person in only a few minutes and does not require any source of water or power. The system requires only two personnel to operate and contains everything needed to complete full technical decontamination from tool drop to waste disposal.

EDS KIT CONTENTS*

120 L DUFFEL BAG + REMOVABLE
BACKPACK STRAPS

22 OZ DAHLGREN DECON

FIBERTECT MITTS

TAC SPRAYER
W/ MOLLE BAG

SKIN DECON LOTION
(OPTIONAL)

TOOL POUCH

S-CUT Q&E

TRAUMA SHEARS

HOT LINE
MARKER

COLD LINE
MARKER

COLLAPSIBLE MEDIA
BUCKET

4' X 4' SHUFFLE PIT
24" X 24" FIBERTECT PADS

HEADLAMP

CHEM TAPE

GREEN
CHEM LIGHT
(10 PK.)

RED
CHEM LIGHT
(10 PK.)

* NOT PICTURED: PLASTIC PPE DROP BAG (8-MIL) CLEAR, EDS JOB GUIDE

EDS TRAINING KITS contain inert versions of Dahlgren Decon and FiberTect that accurately replicate the look, feel, and smell of the real world solution for realistic training.

REPLENISHMENT PACKS + TRAINING KITS AVAILABLE. PLEASE CALL +1.703.955.7510 OR EMAIL SALES@FIRSTLINETECH.COM FOR MORE INFORMATION.

DFG

— DECON FIELD GUIDE —

First Line Technology has developed the **Decon Field Guide™** (DFG™) for instant expert decontamination guidance. The DFG is available on iOS and Android devices, as well as on the web for desktop access.

Search by name, CAS number, or synonyms for your identified threat in the app's threat library to see if Dahlgren Decon will neutralize the threat as bulk contamination or on contaminated surfaces. The Decon Field Guide also displays reactivity concerns, suggested ratios, and dwell times.
